THERE IS A FOOD AND DRINK UPRISING IN ENCINITAS.

Separating themselves from the average and the mundane, the Union Kitchen & Tap staff has collectively succeeded in making their social hour into our most Happiest Hour for May. Discounted craft beers and selected wines set the tone, but the craft cocktails and unique food offerings from Executive Chef Jason Gethin establish the mood.

Giving this place an A-plus for atmosphere isn't enough; Union Kitchen and Tap gets extra credit for its three different dining areas, huge garage-style doors that open up to the bustling sidewalks and a cozy dart room, hiding in a nook near the southwest corner. This place hits the bulls-eye.
