BoB Lobster Roll: fresh chunks of Maine lobster mixed with mayo and diced celery, then stuffed into an authentic, butter-grilled New England-style Frankfurt roll.

BITE OF BOSTON

Before Bite of Boston, there were no legitimate clam bellies, lobster or clam chowda anywhere in the vicinity of San Diego. But now that the third Bite of Boston location has opened its doors in Pacific Beach (the other two are in La Jolla and Rancho Bernardo), Finest City folk can finally eat authentic East Coast grub without leaving town. For the freshest and most sought-after New England-style favorites — including Maine lobster rolls made with lobster flown in from Maine twice a week, fish and chips made with fresh Atlantic haddock, and a real Philly cheesesteak made with sirloin steak and served in a soft Amoroso roll direct from Philly—come take a Bite of Boston.
